To whom it may concern,

Ever since I saw Monty Oum's animation work I knew I wanted to be in the creative field and looked towards the arts. In my pursuit of new creative endeavors, I was excited to find your opportunity.

My years at Drexel University have taught me to be ambitious and evolve to keep up with ever growing industries. As a progressive professional with 2D, 3D, and VR experience, I believe that I can bring valuable contributions to your team.

Formerly in my Photo Editor role, my successes have stemmed from essential skills, including client work and time management. I have enhanced my creative abilities and cultivated a reputation as a major contributor through innovation and organization.

I am a collaborative team player who is always searching for opportunities to impart valuable insights and highly value critiques of my own work so that I can improve at every step.

For a greater presentation of my background and qualifications, please review my attached resume. I am eager to speak with you and greatly appreciate your consideration.

Sincerely,

Tyler Singzon
